AQUA

- Lightweight, Durable Carbon Fiber Shell
- APT Nav covers every inch of pool
- Cleans Quickly & Comprehensively
- Includes Sturdy Cart & Waterproof Remote
- Includes advanced Infrared Sensor, Gyroscope
  - Cleans walls and floors

# SPOT

AQUA POSITIONING TECHNOLOGY

## Industrial Grade

Spot by Enduro is a fully automated professional robotic vacuum cleaner either powered by standard poolside power, or by battery. It precisely and quickly maps out and cleans the pool using **APT**, and enjoys a 33-year pedigree for durability and performance.

### SECURITY

Fully integrated gyrosopic and infrared sensors provide automatic cleaning without any problematic moving parts for control functions. It automatically detects and avoids obstacles for trouble-free cleaning.

### TECHNOLOGY

SPOT incorporates safe, powerful 24v submersible pumps and 2 durable filter bags, either 5 or 100 micron, in order to collect a wide range of particles and provide **reliable secure cleaning**.

### SMART

Advanced gyro + infrared design combined with Aqua Positioning Technology provides **precise navigation features** normally found in larger and more expensive automated robotic cleaners.

### EASY USE

Spot is equipped with a **radio remote control** for manual or automated control and a bluetooth app for additional true remote control, and access to **cleaning speeds & modes and status alerts**.

#### SPOT PRO 100

Floor and walls

##### Power

Cleaning speed	32 to 49 ft/min
Suction power	7132 gal/h
Filtration capacity	6,8 lb

##### Equipment

Trolley	With
Remote control	With
Cable length:	100 ft
Bush type	PVC, option PVA

##### Dimensions/technical

Pool length	up to 82 ft
Cleaner width	1,31 ft
Weight off/in water	19,8 lb/ 4,4 lb
Power supply	110v-240v/24vdc

#### E-SPOT PRO 150

Floor and walls on battery

##### Power

Cleaning speed	32 to 49 ft/min
Suction power	7132 gal/h
Filtration capacity	6,8 lb

##### Equipment

Trolley	With
Remote control	With
Battery *autonomy/ charge	2h/6h*
Bush type	PVC, option PVA

##### Dimensions/technical

Pool length	up to 65 ft
Cleaner width	1,31 ft
Weight off/in water	19,8 lb/ 4,4 lb*
Power supply	12 Volts

\*Weight without battery
