### EASY-TO-USE. EASY-TO-MAINTAIN.

Dolphin commercial robots make maintaining your facility pool a breeze. Just plug-in, press power and go. When finished, just open, remove and rinse the filters clean.

### CLEVERCLEAN™ TECHNOLOGY

There's a reason why Dolphin is the #1 selling robotic pool cleaner. Unlike competitor cleaners that use random patterns to clean the pool floor, Dolphins use CleverClean™ Smart Navigation to ensure complete pool coverage.

### RETURN ON INVESTMENT

Deep cleaning, reliable cleaners designed for heavy-duty use and the savings can return your initial investment in a matter of months.

## Durable Tracks and Dual Scrubbing Brushes

Durable tracks and dual scrubbing brushes create the friction needed to remove leaves, dirt and debris on the floor - leaving your pool sparkling clean.

## Remote Control Included

Dirty pools are no match for a Dolphin. All Dolphin Wave Line pool cleaners are remote ready. The remote control allows you to easily spot clean any pool problem areas.

*\*Wave 60 remote sold separately.*

## Easy Access to Cleaning

Top Access Models allow for quick and simple filter cleaning that reduces maintenance and maximizes cleaning

## Large Capacity for Heavy Duty Dirt Collection

We keep your facilities clean and guests coming back. Our large capacity fine and ultra-fine filters ensure a clog-free operation that removes leaves, dirt, debris and algae.
